

Beginner Sewing

Throughout the duration of the course, you will be working on four exciting projects. Each project has an associated sewing kit, which can be purchased at The Cutting Room for wholesale prices. We take pride in our fabric and trim selections. All of our trims and fabrics come from New York and Montreal and are hand selected by Liza (owner of The Cutting Room). Students are more than welcome to bring their own fabric to class; however, if it is more convenient for you to purchase through us, here are our sewing kit prices for each project:

- Tote Bag: \$25.00
- Pillow: \$25.00
- Sweatshirt: \$35.00
- Total: \$85 plus 12% tax which is **\$95.20**

If you do decide to purchase your fabric from us, the total for all projects will be due at the beginning of your first class before we can cut your fabric. This includes the tote bag, pillow, and sweatshirt. Please note: All muslin for your course is included. If you are interested in purchasing any sewing kits from us, please ensure to bring cash with you to class as we don't accept credit card payments for transactions under \$100. Your instructor will take payment from you at the beginning of class so remember to bring cash with you each week you are starting a new project. If you forget to bring cash and need to purchase a sewing kit, there is an ATM at the convenience store located across the street from us.
